Suggestions for Improvement:	Santana did do well with changing her lesson as she went in small groups to help the individual needs of students. She still needs more experience working in a whole group setting and being aware of the cues of students.
Overall Rating:	Partially Proficient
Suggestions for Improvement:	Santana displayed great relationships with students. She was not shy to jump right in to start interacting with the class and learning about each child. I do think she could have taken a little more time with her planning or allowing herself more time to prepare lessons to get them sent to me in advance.
Do you believe this practicum student has the knowledge, skills, and attitude required to become an effective student teacher?	Yes
General Comments:	Santana is going to be a great teacher! I believe once she has more experience in the classroom and working on classroom management she is going to be amazing!
